

LARGER THAN LIFE

Peter Eldridge

Wanna be reckoned with, not pushed aside
Let every opinion loom
A crazy misfit making some mischief
Taking a big bite out of the room

Oh let the sparks fly
Look you right into the eye
Unafraid I might offend
Can't wait a lifetime on this life of mine
Bout time I begin again

Just not one more day
No not one more day
Not another day like today
Cause deep inside there I stand, larger than life

No I ain't gonna cry for help
This time I'll help myself
Leaving all my past behind
Let me take my aim and stake my claim
Being larger than life

Just not one more day
No not one more day
Not another day like today
I know deep inside, deep inside
Deep inside there I stand, larger than life
I know deep inside there I am, larger than life
